

We are everywhere

the irresistible rise of global anticapitalism

We are everywhere is a whirlwind collection of writings, images and ideas for direct action by people on the frontlines of the global anticapitalist movement.

This is a movement of untold stories, because those from below are not those who get to write history, even though we are the ones making it. **We are everywhere** wrenches our history from the grasp of the powerful and returns it to the streets, fields and neighbourhoods where it was made.

"This is the first book to truly capture and embody the exuberant creativity and radical intellect of the protest movements."

Naomi Klein from the Foreword

"This book is essential reading for anyone who cares about our future, and weighs enough to throw at anyone who doesn't."

The Independent on Sunday

"This isn't a book it's a brick with which to shatter cynicism."

Luther Blissett

"An authentic document of revolution" *The Times*
